Subject: RE: Quarterly Reporting of Post-Award Advanced Monitoring Reviews

Yes! I believe so – I'll follow up if more is needed.

Thanks!

AJ McCullough

Hi Alison! Please see the request (below Paula's) for the information on the advanced monitoring reviews. This year was me and you, so the info I'll need to respond is:

Each quarterly report needs to be submitted with the following information:

I'll reply tomorrow with the information and send. Thanks!!

Hey Aj. Hope you had a great weekend and NEW YEAR!

Below is something you will need to compile for the advanced monitoring's we did in FY 21. I am pretty sure the ones we did were all done in the 4th qrt. 2021. Can you check in with Alison to get the info needed and then reply to Tanya. These should also be in Granttrax – can you double check. Thanks!

Grant Number: XA96388301 **Grantee:** VADEQ **Program:** Community-Scale Air Toxics Ambient Monitoring (CSATAM)
PO: Amanda McCullough **Start Date:** 10/01/2020 **End Date:** 09/30/2023
Type of Review: Desk

Description: The grant funds will support the Virginia Department of Environmental Quality (DEQ) Office of Air Quality Monitoring (OAQM) for a Community Scale Air Toxics Monitoring project for the Southeastern (Tidewater) Area of the Commonwealth of Virginia. This project is intended to characterize the ambient concentrations of air toxics metals and perform corresponding air quality and health risk assessments for two Tidewater communities: the Lambert's Point Community (LP) and Southeast community (SE) located in Norfolk and Newport News, respectively. This project is designed to develop a local air quality characterization in these communities and perform an air quality and a health risk assessment for air toxics metals. The results of this characterization and the air quality and health assessments will inform future DEQ Strategic Plan objectives to improve air quality and community engagement in underserved communities.

Nonresponsive based on revised scope

Thanks,

Paula Krall
